

ALLIANCE IN HEALTHCARE

ABOUT US

RGL Bio Alliance Corporation is known for our unparalleled commitment to customer satisfaction providing our health care professionals with the best technologies they need for more effective and accurate diagnosis.

WHAT WE DO

We focus on marketing and distribution of various healthcare laboratory products. We depend on the services of our highly professional and skilled personnel since we believe that they serve as foundation to all the services that we do.

WHY US

We believe that the customer always comes first - and that means exceptional products and exceptional services. It's this standard of excellence that has provided the impetus for us to grow into the business that we are today.

OUR CORE VALUES

INTEGRITY

HONESTY

PASSION

COMMITMENT

MISSION

To be the preferred diagnostic partner and be one of the best companies in the Philippines distributing the highest quality products in the Healthcare Industry.

VISION

By 2032, we envision on our 20th year of service in the diagnostic industry to provide quality healthcare services with Passion, Commitment, Honesty and Integrity with God in the center of it.
